REQUEST FOR INFORMATION (RFI) NOTICE

Date: Monday, 8 January 2024

1. RFI Overview and Objective

Malaysia Rail Link Sdn. Bhd. would like to invite local and international logistics industry players to develop collaborative ideas and proposals to integrate East Coast Rail Link (ECRL) rail freight services into the future logistics operations for the East Coast region of Malaysia. The goal is to increase operational and cost efficiency of logistics between the East Coast and Klang Valley, facilitating cargo transport in both directions. We seek comprehensive and innovative ideas and solutions that will enhance connectivity and optimize the logistics network between these regions.
