MRLSB is the project and asset owner of ECRL project – an electrified railway project by the Government of Malaysia linking the East Coast states (Kelantan, Terengganu, Pahang) to the Greater Klang Valley region. The 665km-long ECRL railway network will have 20 stations providing both passenger and freight services for the community and businesses in the East Coast Region commencing in January 2027.

MRLSB will be issuing a Request for Proposal (RFP) document to interested applicants to manage, operate, and maintain ECRL Freight Yard Terminal Operations (YTO). Part of the YTO's scope will be loading and unloading goods from each ECRL station and managing the operational of ECRL Freight Yard Terminal. The full details of the RFP exercise will be included within the RFP document.

The purpose of this Pre-Qualification is to identify and shortlist applicants who meet the pre-qualification requirements as part of the RFP process.
